

Co-opted Governor

Mrs D Dixon

I first came into school as a volunteer helper and I enjoyed it so much that I became a member of the governing body. It is always a pleasure to spend time in school, which I do on a weekly basis, as I get to see, first-hand, all of the super work the children do.

I am the literacy link governor, so I regularly meet with Mr Rawson, the literacy coordinator and get the opportunity to look at the children's books as well as hearing children read.

I also try to come to parent/teacher meetings so that parents have the opportunity to chat with me about the work of the school.
