

**Headteacher Governor**

**Mrs S Osman**

I have been the Headteacher of the school since 2004 and I am very proud of all of the achievements of my pupils and staff, both past and present. Everyone at our school works very hard to ensure that our school is happy and hard-working.

I have been a teacher since 1984, starting my teaching career in a British Forces School in a small town called Geilenkirchen in Germany and I still enjoy teaching as much today as I did then.

I am responsible for the leadership and management of the school and work very closely with the governing body. I sit on all of the committees that decide how we can continue to improve our school.

I particularly enjoy seeing all of the pupils in school make progress and grow up as confident, responsible children ready to move on to their secondary education.

I also enjoy directing the Christmas production every year!
