

**Co-opted Governor**  
**Mrs C Worthington**

I became a parent governor when my children were attending, as I wanted an opportunity to support and guide the work of the school. My children have now grown up but I have remained on the governing body as a co-opted governor and I also work in the school as a HLTA (Higher level Teaching Assistant), so I get to see how well the school works every day!

I sit on the 'Self-evaluation & Development committee' and also have responsibility for Safeguarding, Health & Safety and Governor training, so I am kept very busy, just the way I like it.
