

Foundation Governor

Rev'd Paula Smith

I am a Minister in the Church of England, working as Priest in Charge of St. Matthew's Church Donnington Wood and as a Ministry Development Adviser.

I am a foundation governor and I attend the full governors meetings which meet each term. As a foundation governor, I have particular responsibility for making sure that the work of the school reflects its Christian character as a Church of England school. I also work with staff to develop links between church and school.

I particularly enjoy welcoming pupils into St. Matthew's, whether it is a small group exploring the history of the building and discovering more about the Christian faith or the whole school celebrating a special event.
